Arbi said that the major public utility company, SSGC, has not yet been able to file their sales tax return for the tax period May-2024 on time due to SRO-350 and this has resulted in non-filing of return by vast majority of industries, leading to exorbitant sales tax liabilities for them, as well as, unnecessary anguish. Argue they have not been able to file monthly tax returns on time

Karachi industrialists have appealed to the prime minister, finance minister and commerce minister to take cognizance of the emerging situation and issue immediate orders to abolish the SRO 350 for a smooth working of businesses and industries that are already going through difficult times.

They urged the government to scrap or withdraw the SRO 350 as utilities like Sui Southern Gas Company (SSGC), K-Electric and oth-

ers were unable to file sales tax returns on time because the Federal Board of Revenue (FBR) had yet to address the issue. Sharing their concerns with *The Express Tribune*, scores of business leaders belonging to the seven industrial zones of Karachi said the matter had been raised time and again by the business community, even during their meeting with Prime Minister Shehbaz Sharif, when he nipped down to Karachi in April where business leaders collectively requested the PM to issue orders for the withdrawal of SRO 350.

The uncertainty and ambiguity regarding timely filing of sales tax returns along with unreasonable sales tax liabilities is really a big issue

being faced by businesses and industries at an already difficult time.

SRO 350 establishes a critical link between the tax return filing by buyers and the compliance by their suppliers. This initiative triggers a concerning chain reaction, wherein non-compliance by the suppliers threatens to disrupt the entire system.

Eminent industrialist Majyd Aziz said, "This is an issue of the FBR. This is not an issue of the utilities. Legally as per SRO 350, all those registered under the sales tax regime have to submit returns or pay the additional sales tax by the end of a month. Today is June 29 and tomorrow is Sunday. Therefore, all submissions

must be made by tonight."

Until noon, a major utility had not submitted the tax return. Hence, no customers of that utility could take input and submit their returns, finding themselves between a rock and a hard place.

He urged the Federation of Pakistan Chambers of Commerce and Industry, Karachi Chamber of Commerce and Industry and other associations to take up the issue with the relevant authorities. SITE Association of Industry (SAI) President Muhammad Kamran Arbi once again demanded that the government immediately withdraw the SRO 350 because of it being an ambiguous order.

In a statement, Arbi said

that two major public and private utilities, SSGC and K-Electric, had not yet been able to file their sales tax returns for the tax period May 2024 due to the SRO 350. "This has resulted in non-filing of returns by a vast majority of industries, leading to exorbitant sales tax liabilities for them." The association requested the FBR to extend the date for filing returns for the tax period May 2024 by one week.

He pointed out that since the issuance in March 2024, the SRO 350(I)/2024 had proved to be a trouble for the business community, which had not been able to file monthly sales tax returns on time due to the unmet requirements.

## SAI Chief Demands Repeal Of SRO-350 After SSGC And K-Electric Miss Tax Deadlines

KARACHI: The Site Association of Industry (SAI) President, Muhammad Kamran Arbi, has demanded the government immediately withdraw SRO-350 due to its ambiguous nature.

In a press statement, Arbi highlighted that major public utility companies, SSGC and K-Electric, failed to file their sales tax returns for May 2024 on time because of SRO-350. This failure has led to delayed returns for many industries, resulting in exorbitant sales tax liabilities and unnecessary distress. The Association has requested the Federal Board of Revenue (FBR) to extend the return filing date for May 2024 by another week.

Arbi pointed out that

since its issuance in March 2024, SRO-350(1)/2024 has troubled the business community. Companies have struggled to meet the SRO's requirements by the submission deadline, leading to unnecessary tax liabilities on their inputs. This situation has exposed the incomplete

nature of FBR's policies and their implementation.

The business community raised this issue in a meeting with the Prime Minister in April in Karachi, collectively requesting the withdrawal of SRO-350. The uncertainty and ambiguity regarding the timely filing of sales tax returns and unreasonable tax liabilities are causing significant unrest among businesses and industries during an already challenging period.

Arbi appealed to the Prime Minister, Finance Minister, and Commerce Minister to address the situation and issue immediate orders to withdraw the SRO to ensure the smooth operation of businesses and industries.—RT

## Site Association Demands Immediate Withdrawal of SRO 350

Karachi, June 30, 2024 – The Site Association of Industry President, Muhammad Kamran Arbi, has once again demanded the government to immediately withdraw the SRO-350, citing its ambiguous nature and the difficulties it has caused for the business community.

In a press statement, Arbi highlighted that the major public utility company, Sui Southern Gas Company (SSGC), has been unable to file their sales tax return for the tax period of May 2024 on time due to the complications arising from SRO-350. This delay has led to a cascade of non-filings by a vast majority of industries, resulting in exorbitant sales tax liabilities and unnecessary distress.

The Site Association has reiterated its request to the Federal Board of Revenue (FBR) to extend the filing deadline for the May 2024 tax period by an additional week to accommodate the affected businesses. Arbi pointed out that since the issuance of SRO-350(I)/2024 in March 2024, it has consistently posed problems for the business community. The regulation's stringent requirements, often unmet by the deadline, have forced businesses to incur undue tax liabilities through no fault of their own, added by the president of the Site Association.

Arbi criticized the FBR, stating that SRO-350 has exposed the half-baked nature of their policies and implementation. He stressed that the business community has repeatedly raised this issue, even during a meeting with the Honourable Prime Minister of Pakistan in April in Karachi. During this meeting, industry representatives collectively requested the Prime Minister to issue orders for the withdrawal of SRO-350. Despite these appeals, the ambiguity and uncertainty surrounding the timely filing of sales tax returns and the imposition of unreasonable sales tax liabilities continue to unsettle businesses and industries already facing challenging times, added by the president of the Site Association.

He urged them to recognize the severity of the situation and issue orders to withdraw SRO-350 forthwith to ensure the smooth functioning of businesses and industries that are already struggling.

In conclusion, the Site Association of Industry stands firm in its demand for the immediate withdrawal of SRO-350, emphasizing the need for clear and practical policies that support, rather than hinder, the business community. The association continues to advocate for the interests of its members and seeks urgent intervention from the highest levels of government to resolve this pressing issue.

ایک بار پھر ایس آر او 350 فوری واپس لینے کا مطالبہ کیا ہے جو صنعتکار برادری کے لیے شدید مشکلات کا باعث بنا ہوا ہے۔ انہوں نے ایک بیان میں کہا  
کہ پبلک یوٹیلیٹی کمپنی سوئی سدرن گیس کمپنی لمیٹڈ (ایس ایس جی سی) اور کے الیکٹرک ابھی تک ایس آر او 350 کی وجہ سے مئی 2024 کی ٹیکس مدت کے  
لیے اپنا سیلز ٹیکس ریٹرن وقت پر فائل نہیں کر سکی ہے جس کے نتیجے میں صنعتوں کی اکثریت ریٹرن فائل نہیں کر پارہی اور انہیں غیر ضروری پریشانی کا سامنا  
کرنا پڑ رہا ہے۔

کامران عربی نے این بی آر سے مئی 2024 کی ٹیکس مدت کے لیے ریٹرن فائل کرنے کی تاریخ میں مزید ایک ہفتے کی توسیع کی درخواست کرتے ہوئے کہا  
کہ مارچ 2024 میں ایس آر او 350 (ا) / 2024 کے اجراء کے بعد سے بزنس کمیونٹی کی مشکلات مزید بڑھ گئی ہیں کیونکہ وہ آخری تاریخ تک ضروریات پوری نہ  
ہونے کی وجہ سے اپنے ماہانہ سیلز ٹیکس ریٹرن بروقت فائل کرنے سے قاصر ہیں بلکہ ان کی اپنی کوئی غلطی نہ ہونے کے باوجود انہیں اپنے ان پٹ پر غیر  
ضروری ٹیکس واجبات بھی ادا کرنے پڑ رہے ہیں۔

اس ایس آر او نے ایک بار پھر این بی آر کی پالیسیوں اور ان پر عمل درآمد کے ادھورے کام کی نقلی کھول دی ہے۔ صدر سائٹ ایسوسی ایشن نے مزید کہا کہ  
یہ معاملہ بزنس کمیونٹی کی جانب سے اپریل میں کراچی میں وزیر اعظم پاکستان سے ملاقات کے دوران بھی اٹھایا گیا تھا جہاں انہوں نے وزیر اعظم سے  
درخواست کی تھی کہ وہ ایس آر او 350 کو واپس لینے کے احکامات جاری کریں کیونکہ بزنس کمیونٹی غیر معقول سیلز ٹیکس اور سیلز ٹیکس ریٹرن کی بروقت فائلنگ  
کے حوالے سے غیر یقینی صورتحال اور ابہام کا شکار ہیں۔

کامران عربی نے وزیر اعظم میاں شہباز شریف، وزیر خزانہ اور وزیر تجارت سے اپیل کی کہ وہ مذکورہ صورتحال کا نوٹس لیں اور کاروباری اداروں اور صنعتوں کو آسانی  
سے چلانے کے لیے ایس آر او 350 کو واپس لینے کے احکامات جاری کریں جو پہلے ہی بہت مشکل وقت سے گزر رہے ہیں۔
